30 juin 2013

Deadline for uploading your photos
June 30, 2013

International universities
photo contest

Your pictures will be
exhibited

Win a travel to France
Participation to the vernissage

Dear Sirs,

In order to get the campus of Lille1 University ready for the school year 2013/2014, the SPUL (Photographic Society of the Universities of Lille) organizes an **International University Photo Contest** entitled «**Celebration In Our Eyes**». The idea of the contest is to show through the art of photography how people celebrate and party all over the world.

All you need to take part in the contest is a real interest in photography and some pictures of yours taken during any parties, celebrations, parades or festivals. We've created a web site especially for the contest where you can upload your photos:

<http://celebration-in-our-eyes.org/>

Whether you are a professional photographer or a passionate amateur, student or working, French speaking or not, anyone can participate to the contest.

The deadline for uploading pictures is **the 30th of June 2013**.

Then, in July 2013, the Jury will select the best 40 photographs, which will be printed out and will form an exhibition in Lille (France) in September 2013.

The author of the best picture, whatever country he/she comes from, **is invited in France for a few days, for free**, so he/she can participate in **the opening day of the exhibition**.

Please, find enclosed the poster of the international photography contest. You may publish it or distribute among your students and people concerned.

For any further information or eventual questions, do not hesitate to contact us via e-mail – asso.spul@gmail.com.

With our best regards,

The SPUL - Photographic Society of the Universities of Lille
